Our shrink wrap company is combining efforts to help not only the environment but people as well. Dr. Shrink will contribute \$ 1.50 to the American Red Cross for every Rebag recycling kit sold. "We're glad to help both the planet & society," company president Mike Stenberg said in a statement. "Users can contribute to two great causes & we're happy to help them take the steps." [E-Searider](#) bean bag chairs are extremely comfortable and are made from marine grade vinyl to resist tears. They have built in loops to hang them while they dry, and they clean up easily with soap & water. We have tear drop shapes in stock in gray & white.

Unfortunately the fall decommissioning season is fast approaching, keep an eye out for those haul out questionnaires and storage agreements. Fill them out and send them back in with a date so we can get you on the schedule. Also this is a great time to look around your boat to see any improvements you would like to make. Our winter work schedule fills up fast, make sure to reserve your spot now. Think about those electronics upgrades, repowers or surprises for your loved ones; winter is the time to do these items.
