Everything Up To Date??

Please don't forget to make sure that your boat registrations are current, you have all the necessary boating safety equipment on board and you have your salt water angler [permits](#) if you plan on doing any fishing this year. Click [here](#) for a list of required safety equipment.

Environmental Corner

Madaket Marine would like to thank those customers who made the switch to epaint bottom paint this year. Thank you for helping aid in the

protection of Nantucket's waterways. If you are interested in making the switch for the 2011 season please call our service department to secure your spot in the schedule, if you want to learn more

As always check our [website](#) for our used motors and/or boats.

Also don't forget about our [eBay store](#) for those misc parts.

about it visit www.epaint.com.

Now there is epaint for your engine as well. Sick of chiseling barnacles from outboard motor brackets, there is no longer the need. Use EP-21 release coating to protect underwater metal surfaces, aluminum components that cannot be painted with traditional copper-based antifouling paints. No longer must you risk corroding your outdrive, EP-21 performs better and is safer for you, your boat and our environment. Click on the image for more information.

What's Happening Around The Boat Yard

Spring Commissioning boats, boats and more boats.

With a fresh coat of paint on all the benches, and a fully stocked ships store we are ready for the season.
